CANCELLATION OF BOIL WATER NOTICE

On November 16, 2022, you were notified to boil all tap water used for drinking and cooking purposes, due to a loss of system pressure while trying to repair multiple mainline ruptures. four bacteriological samples were collected on November 16, 2022, after flushing the impacted portion (map attached) of the distribution system. We have received copies of the results and have verified that all four samples tested negative for total coliform bacteria. Based on the follow-up actions taken by the Frazier Park PUD, the Boil Water Notice, issued on November 16, 2022 is hereby cancelled.
